

34 Radcliffe Street 34 Radcliffe Street Charleston, SC

Office

This building was renovated to serve as the office of Goff D'Antonio Associates with some additional office space for lease. The building was formerly a warehouse and was built by the telephone company in the 1940's. The completed building has exposed brick walls, vaulted main space with exposed steel trusses, wood ceilings, and stained concrete floors were installed. State of the art lighting and communication systems. The completed design creates an open plan/flexible work space with open workstations with an emphasis on interaction and team design.
